MEMORANDUM FOR: Special Support Assistant to the
Deputy Director for Support

SUBJECT : Soviet Bloc Division Requirements
for Office Space to Accomodate
Task Forces

1. Pursuant to your request at the 27 May CS Support
Chiefs meeting we have reviewed our past experience and
projected future requirements for "task force" office space.

25X1C 2. While SB's requirements are for the most part
dependent on the [REDACTED] that must be handled,
exploited and processed at any given time -- and are there-
fore unpredictable -- our experience over the past four
25X1C years has been such that task forces approximating 25 officers
and clericals have existed almost continually. Given the
situation in Eastern Europe at the present time we anticipate
that [REDACTED] we will be responsible
will very probably maintain the level of recent years. We
believe that the figure of 25 is therefore reasonably accurate
for planning purposes. Such space should be close to, but
not necessarily contiguous with the normal Division office
space.

25X1A9a NOTE:

30 June 1970

[REDACTED] has no expectation of early provision of more space for
task force use. The above only reflects the fact that SB Division
has continuing and rather more than average need for special "Task
Force" space. The Division has a conference room and he will send
a copy of the sheets over to BPS covering a series of recent months.
